\* Note: Due to the irregular market quoting for super fine wool, figures shown relating to micron categories below 18 mic, are an estimate based on the 42 nkt AWEX Premium & Discount Report & other available information. 10 year data is not available on some micron categories, which may result in blank spaces in the table above.

## MARKET COMMENTARY

Australian Dollar

79.36 US as of 18/06/2009

### NORTHERN REGION – Sale S51/08 (19,819 bales offered nationally)

#### Market Comment

##### Wednesday

Merino Fleece: Over all the market was very firm closing in sellers favour. The fine microns finished particularly strong on a limited selection as buyers chased the better style and strength lots. The medium to broad range ended generally 5 cents dearer.

Merino Skirting's: All descriptions attracted strong interest with the lower Vm types gaining ground by 5-10 cents.

Oddments: Good buyer support had all categories retaining their previous levels with the better colour lots favoured.

Crossbreds: A small offering today, had most microns closing in sellers favour by 2-5 cents.

Offering: 4,126 bales were offered with 8.5% passed-in.

##### Thursday

Merino Fleece: Flying solo today with Sydney the only selling centre, the market remained very firm. For the better style & strength lots the finer end was slightly dearer, while the broader microns came under a little due to a lack of selection.

Merino Skirting's: All descriptions retained their previous levels with buyer interest still attracted to the better length lots.

Oddments: Locks drifted slightly lower as buyers reduced their premiums for the better colour types. Crutchings and stains were unchanged on a limited offering.

Crossbreds: Most microns remained firm and unchanged on a small offering.

Offering: 4,374 bales were offered with 12% Passed-In.

35,322 bales are rostered for next week's sale. Jemalong are selling on Thursday, June 18.

1	90%	1296	1047	1007	991	981	966	919	863	641	579
18/06/09	Current MPG	936	801	788	778	764	722	624	616	481	506

A Decile rank is a rating, usually of performance, on a scale of 1 to 10 where 1 is best, 10 is worst, and each number corresponds to an increment of 10 percentage points.

A percentile is a value on a scale of one hundred that indicates the percent of a distribution that is equal to or below it. In general, a percentile less than 25 is considered below normal, a percentile between 25 and 75 is considered normal, a percentile greater than 75 is considered above normal.

Table 6 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 9kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 6: Returns for fleece wool pr head, based on skirted weight of: 8 kg**

Table 8 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 7kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 8: Returns for fleece wool pr head, based on skirted weight of: 6 kg**

Table 10 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 5kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

Table 10: Returns for fleece wool pr head, based on skirted weight of: 4 kg

Table 12 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 3kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 12: Returns for fleece wool pr head, based on skirted weight of: 2 kg**
