\* Note: Due to the irregular market quoting for super fine wool, figures shown relating to micron categories below 18 mic, are an estimate based on the 42 nkt AWEX Premium & Discount Report & other available information. 10 year data is not available on some micron categories, which may result in blank spaces in the table above.

## MARKET COMMENTARY

Australian Dollar

92.71 US as of 19/03/2008

### NORTHERN REGION – Sydney Sale S38/07

On Tuesday – The wool market was mixed, with medium to fine merino fleece slipping while the broader microns rose. 18.5 microns and finer closed 15-20 cents lower, 19 to 19.5 microns were 10 cents cheaper (with the lower Nkt and high mid break lots most affected). On the other hand, 20 microns and broader gained 5-10 cents as buyers focused on the 21 micron area. Merino skirtings remained generally unchanged for the better style low VM types; however the higher Vm types (+5%) slipped 10 cents. In the oddments, locks 20 micron and broader lost up to 10 cents while the finer microns were fully firm. Stains also dropped 10 cents. Crossbreds were generally 5 cents dearer for 26 to 30 microns with 32 microns up to 10 cents higher on a limited selection. 8,514 bales were offered with a clearance rate of 93.3%

On Wednesday – Broader microns held their ground as 20 to 21 microns remained fully firm, 22 micron and broader were 5 cents dearer. The medium to fine microns have retreated with 19 to 19.5 microns 10 cents cheaper while 17.5 to 18.5 microns were 10-15 cents lower (on a very poor selection) Merino skirtings took a bit of a hit with the burry types (5% Vm and higher) 10-20 cents lower (with the inferior styles most affected). Oddments also fell, with locks and stains down 10 cents and crutchings down 5. 9,630 bales were offered with a clearance rate of 86.4%

No sales next week due to Easter Recess. Sales resume week commencing 31 March with an estimated offering of 69,003 bales (an increase of 7.4% on the previous estimate of 64,229 bales).

19/03/08	Current MPG	1216	1057	978	929	898	827	710	615	429	554

A Decile rank is a rating, usually of performance, on a scale of 1 to 10 where 1 is best, 10 is worst, and each number corresponds to an increment of 10 percentage points.

A percentile is a value on a scale of one hundred that indicates the percent of a distribution that is equal to or below it. In general, a percentile less than 25 is considered below normal, a percentile between 25 and 75 is considered normal, a percentile greater than 75 is considered above normal.

Table 6 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 9kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 7: Returns for fleece wool pr head, based on skirted weight of: 8 kg**

Table 8 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 7kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 9: Returns for fleece wool pr head, based on skirted weight of: 6 kg**

Table 10 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 5kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

**Table 11: Returns for fleece wool pr head, based on skirted weight of: 4 kg**

Table 12 shows estimated returns per head on fleece wool, based on a skirted fleece weight of 3kg. These figures do not take into account the value of skirtings and oddments and do not take into account discounts that may apply for faults under individual circumstances. These figures are based on a market index of 100% and should be used as a guide only. Returns over \$30 / head for fleece wool are highlighted.

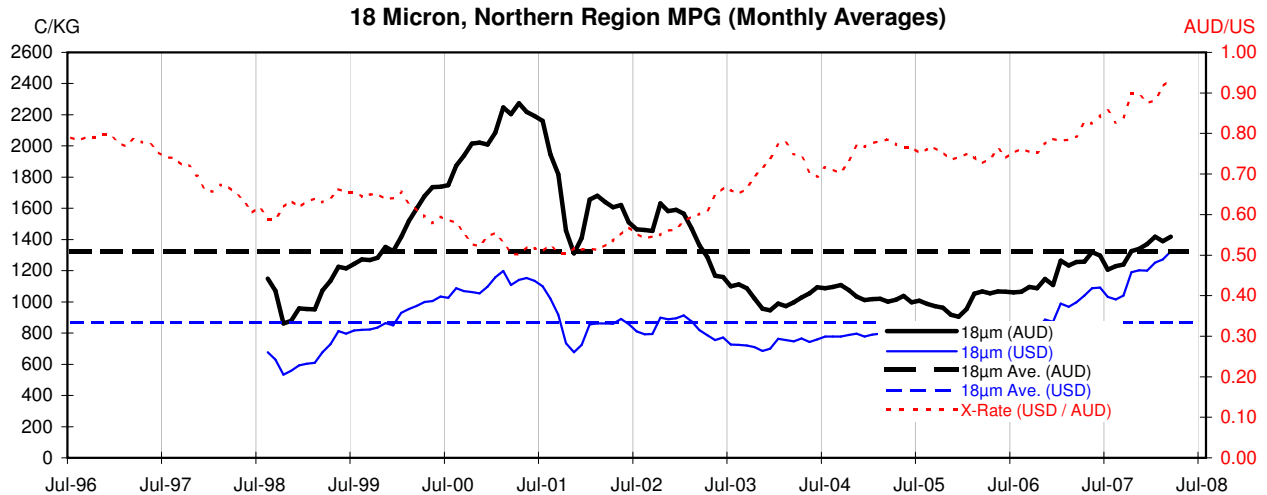

**Table 13: Returns for fleece wool pr head, based on skirted weight of: 2 kg**
